For Immediate Release

All CalDigit products are compatible with Leopard.

Oct 29, 2007 Placentia, CA CalDigit, the new leader in RAID storage solutions is pleased to announce the immediate compatibility of all of its products with Apple's new Leopard OS X operation system.

Starting with the FireWireVR (Triple Interface RAID), our FASTA-2e, 2-port eSATA card, FASTA-4e and FASTA-4X, 4 port Superlane eSATA cards, FASTA-1ex, ExpressCard34, to our HDPro and RAID SHIELD Management utility, all CalDigit products are ready to go with Leopard.

"Everyone's been asking us recently and we're pleased to announce that CalDigit is ready for Leopard", said Jon Schilling, Sales Manager of CalDigit. "Our users can now take advantage of all Leopard has to offer in full conjunction with ALL of our products."

CalDigit Inc is the leading manufacturer of affordable, quality RAID products. CalDigit is located in Orange County, California at 1941 Miraloma Avenue, Suite B, Placentia, CA 92870. For further information, please contact sales@caldigit.com or visit
